EXPERIENCE

Empira (JaydariTech) Sept 2026 – Present
Co-Founder & CEO empira.uz

- AI virtual laboratory for school students: scan any textbook page and it becomes an interactive 3D experiment guided by an AI tutor in Uzbek, with progress reports for teachers.
- Built from scratch in 72 hours with a five-person team; won 1st place in EdTech at the National AI Hackathon, a place in Startup Garage and school partnerships to roll out the product.

EduGrants Aug 2023 – Present
Founder & CEO edugrants.uz

- Founded and scaled a scholarship-discovery platform (web app and Telegram) connecting young people in Uzbekistan with verified international opportunities; grown to 50,000+ users.
- Generated \$10,000+ in revenue through advertising and partnerships, including with GrantGO (44,000 users).
- Launched EduCast, an interview podcast with 20+ episodes featuring scholarship winners, and ran nationwide online marathons reaching tens of thousands of students.

Startup Ambassadors Jan 2026 – Present
Project Manager startupambassadors.uz

- Manage a nationwide network of 200+ ambassadors scaling Uzbekistan's startup ecosystem and venture initiatives.
- Lead strategic initiatives connecting top talent with startup and investment opportunities.
